

MORE EXPECTED AT TRAINING SCHOOL

Lowth Predicts Record Enrollment at Opening, Next Tuesday.

The training school for rural teachers will open in the Jefferson school building here Sept. 7. It is predicted by Principal F. J. Lowth, who will have the school in charge, that the enrollment will be much larger this year than it was last, when 23 were graduated.

"With the increased wages of rural school teachers, which this year will average about \$110 a month in this county, it is likely that many will take the course this year," said O. D. Antisell, county superintendent of schools.

H. S. Grady's Year Course complete the course in one year, those with less education requiring a longer period of study. The year of training in the school will also credit a student with one year's work in the state normal school.

The training is free to all residents of Rock county. The only expense, other than living expenses, is a small fee for incidentals, which amounts to about \$5 a year. Any person who wishes to come here from another county which does not have a similar training school, may have his or her tuition paid by his or her county.

Many of those enrolled last year earned part of their living expenses while in training. Those entering the school will be assisted in the finding of rooms and also of part time employment, if they desire it, by Mr. Lowth.

GIRLS' COUNCIL IS DOING GREAT WORK

Review Shows Varying Activities in 7 Months—New Officers Elected.

The Older Girls' Council of this city met Sunday at the Methodist church and elected officers and discussed the work for the coming year. Mildred Smith was elected president, Marie Hughes, vice-president, and Dorothy Oestreich, secretary and treasurer.

The Older Girls' Council has come much since organization of the latter part of January. Since that time it has fostered the girls' church day, with a large union meeting in the evening, the mother and daughter league, which was first held in this city, "Join the church-month," children's May party, junior girls picnic, older girls basketball league as well as many things done in the separate churches and schools.

The plans have been made and carried out by the girls themselves. Seven Sunday schools, Congregational, Baptist, Methodist, Presbyterian, United Brethren, Christian and Episcopal are represented on the council meets on the last Sunday of each month and makes plans for the coming month.

Girls' Council is being tried in Pennsylvania, Missouri and a few other states. It is not to be published in printed form until it has been proved a success.

The activities are graded on a scale of 100 points; the goal for one year being 1,000 points. Although at the present time the Janesville organization has been in operation only seven months, it has an average of 85 points. The purpose of the council is to develop the girlhood of the city and give girls an opportunity for self activities and leadership. Mrs. George Jacobs is advisor.

22ND VOLUNTEERS TO HOLD REUNION HERE THIS WEEK

Veterans of the Civil war, members of the Twenty-second Volunteer Infantry, will hold their twenty-fifth annual reunion in this city Thursday and Friday.

The Twenty-second Volunteers was the company that went from this city. There are few survivors, most of whom are scattered about the country, so a large attendance is not expected.

The first meetings will be held Thursday evening in the Baptist church, where the veterans will make their headquarters. E. O. Putnam, Milwaukee, president of the organization, and F. D. Scofield, Des Moines, Ia., have been making arrangements for the reunion. Thursday morning will be spent in

TRUCK DRIVER, 55, DIES LEAVING \$6; RELATIVES SOUGHT

Who James Smith, 55 years old, 143 Mill street, Beloit, is, what he wanted to tell Mayor J. Janvin of that city, and what relatives if any he has, are questions that are puzzling officials of that place and those of the county. Smith died in the Emergency hospital, Beloit, Saturday, of lung trouble, with apparently only 10 to 15 to his name. Just before his death he asked the mayor of Beloit to send to him as he wished to give him a message. The mayor arrived five minutes after the man had died.

George Seegmiller, superintendent of the poor of the southern district of the county, declared today that unless relatives of the man were found he would give burial in the potter's field. It is believed that he has a brother living in Oshkosh.

It was thought at first that he had an account in a Janesville bank, but none of the institutions here could trace any. Smith, who also went by the name of Coon, worked as a truck driver in Janesville and Beloit at various times for the past 30 years. He came to Wisconsin from New York when 12 years of age.

700 SEE MOVIES SHOWN IN CHURCH; MORE ARE PLANNED

Moving pictures, supplemented by a sermon worked around the story told in the films, were shown for the first time in this city Sunday night when a three-reel drama, "The Tale of the Keg Told me," was shown on a screen at the First Baptist church. Seven hundred people attended the experiment, which was a union service of all the Protestant churches of the city. A large number of the present were young people and many were children.

"We are experimenting," explained the Rev. R. C. Pierson, pastor of the church, before the pictures were flashed. "We are doing something that churches all over the country are doing. As churches have adopted new methods, they will adopt this new method of preaching the gospel. Why not give the message to the eyes as well as to the ears? We are not competing with any movie house in the city. We are here to give you a message."

The usual evangelistic song service augmented by a male chorus led by C. E. Bearmore, former secretary of the local Y. M. C. A., was worked in. The pastor took the text of his 15-minute sermon from the picture, which showed the futility of "laying down burdens on earth where moth and dust do corrupt," by portraying the life of a miser, the materialism which he suffered, and finally his awakening to the knowledge that no comfort can come from the worship of gold.

An hour and a half was consumed in the entire service. Only one other in the entire service. Only one other in the entire service. Only one other in the entire service.

It was announced that pictures will be shown again in the near future. In addition, a community night will be instituted in a few weeks on Fridays when movies will be shown, followed by a social time.

3D WARD COMMUNITY PICNIC IS SUCCESS

A successful community picnic was held Monday evening in River view park about 150 being present at the supper which was served at 6:30 o'clock. Groups of neighbors and family parties were seated at long tables, and scattered about the lawn. This district has many new residents and special effort was made to get them acquainted with each other. Coffee and ice cream provided by the committee in charge was paid for by a silver collection.

After supper the Bower city band gave a concert program, and led in community singing. A chorus consisting of Charles Collett, Alfred Olson, and Miss Theima Ames also assisted in the singing.

In an informal speech given by John M. Whitehead, he especially emphasized the importance of the privilege of franchise conferred upon people in womanhood, and urged them to affiliate themselves with one of the great parties that their vote might count. He gave honor to the many devoted women whose efforts had made universal franchise possible, and congratulated the women on the opportunity which is now theirs to help in good government. He asked the women to be sure to register today.

The success of the picnic was due in a large measure to Mrs. O. A. Oestreich and Mrs. W. B. Davis, who were the heads of the committee of arrangements. They were assisted by people in each block, who notified their neighbors of the plan, and in this way secured the large attendance.

Any citizen noticing a street light which is not burning will confer a favor upon us if he will kindly call our office, Bell Phone 151, Rock County 291, and advise us of that fact.

WHITEWATER MAN CHARGES BIG LAND FRAUD IN TEXAS

Charging the Stewart Land company with fraud and misrepresentation in a land deal involving \$48,000, Ernest Armstrong, living near Whitewater, has filed suit in circuit court. Mr. Armstrong claims that he bought irrigated land in the Edinburg tract, Hidalgo county, Tex., which the company stated was a superior drainage system. Upon investigation, Mr. Armstrong alleges, he found that the Edinburg system, an inferior pumping system, was all the irrigation available upon his tract.

Also misrepresentation as to the location of a road, which the company said bordered the land bought by Mr. Armstrong, was found not to exist, according to Mr. Armstrong. Henry F. Carpenter, lawyer for the defendant, states that many people have purchased land from the Stewart Land company. The Rock county agent is James E. Carson. Although the main office is in Kansas City there are many branch offices throughout the country, the branch his purchase being the Stewart Farm and mortgage company of Whitewater.

The Endeavor society of the First Christian church will have a business meeting and vespers at the Claude Bacon home, Hickory street, Thursday night. Everybody welcome.

HEART MUSCLE	DEGENERATION
Myocarditis (myo, muscle; card, heart; it is, inflammation) is a general name which physicians apply to a number of conditions involving the wall of the heart. It includes the muscle weakening which occurs in the course of numerous infectious diseases, the more permanent or progressive degenerations of the heart muscle which result from bacterial hardening, neglected syphilis, old age or premature old age, pernicious anemia, Bright's disease, alcoholism, diabetes, and tuberculosis.	the region of the heart or conduction system. It is characterized by irregular or labored or rapid heart beat, but not necessarily by any of the other signs of heart disease, and symptoms like these, when present, usually do not signify heart disease.
Myocarditis or heart muscle degeneration includes the impairments commonly known as fatty heart, (angina pectoris or breast	heart) effort it is impossible for a victim of beginning myocarditis to do any hard work, and the myocardial degeneration to which he is subjected is the cause of his impaired health or declining efficiency, but if he is not a gambler he will at last be a miser.
	Myocarditis or heart muscle degeneration includes the impairments commonly known as fatty heart, (angina pectoris or breast

merces of Tom, Dick and Harry, which isn't neuralgia. I have been carefully restrained from dwelling on the symptoms of heart disease here, I find that it is impossible to refer to the subject without receiving many letters from you. I have been asked to say if I have heart "trouble" and will if I kindly send advice for the treatment of the trouble. So I am going to say a few words on the subject. The

RIGHT as well skipt, anyhow, because there are no characteristic symptoms by which a layman may know that he has heart muscle degeneration. Only the physician can determine whether the heart is diseased by physical examination and by analysis of the blood.

Here are some indications which, though certainly not warranting a diagnosis of heart muscle degeneration or heart weakness, do, nevertheless, call for an examination by the physician:

- Gradually increasing breathlessness

ness or undue difficulty in getting breath under slight exertion, such as skipping up a pair of stairs—or running to catch a car. A persistent or frequently recurring cough without apparent cause. An unprovoked weariness coming on with prolonged mental effort. An impair-

ment of a previously good memory. Very transient blindness in an individual could be caused by a number of factors other than a deficiency of vitamin A. Hunger, shown by irritability and loss of appetite, could be caused by a healthy individual can hold his breath 40 seconds. I expect that the individual in this case was exposed to factors other than weakened vision, and only a physician can determine the significance in this individual case.

Letters May be Addressed to Mrs. Thompson, In Care of the Gazette

Dear Mrs. Thompson: A boy friend and I were taking pictures one Sunday and he took his hat off and put it on my head. Of course after the picture was taken I took the hat off, and he, of course, took it off and put it back on his head. I am sure you have been teasing me about it. Will you please tell me what it means.

FOUR PEPPY BALL GAMES ON BOOKS OVER LABOR HOLIDAY

Four good and fast games are booked for the Samson Tractors over the Labor Day week-end. One will be played on Saturday with the Northwest Motors of Detroit, starting at 3 o'clock and two on Monday morning at 10:15, the other in the afternoon at 3:15. Sunday's game will be with the A. E. Staleys of Decatur, Ill., at 3 o'clock.

After the exhibition of last Saturday and Sunday, it will be a relief for the bugs to get three days of rest.

The Northwest Motors are an aggregation forming the snappiest semi-pro organization in the automobile city.

Nothing need be said of the Staleys. They played here on July 4 when the result was a split, 6 to 4, favor Staleys. Early in August, the crews met at Decatur in another division of the spoils, 4 to 3 for Samson and 5 to 1 for Staleys.

FIGHTERS ENTER FINAL TRAINING

Benton Harbor, Mich., Aug. 31.—After a four-hour lay-over, Dempsey and Billy Miske today entered final training for their 10 round heavyweight championship contest to be decided here next Monday afternoon.

Neither Dempsey nor the challenger boxed yesterday for fear of the "state," but they plan to resume their full boxing program this afternoon.

Dempsey's sparring partners were increased to four with the arrival of Harry Greb, the Pittsburgh lightweight, who is to meet "Chuck" Wiggins of Indianapolis in one of the four heavyweight contests Labor Day.

The wound over Miske's left eye is healing and the challenger hopes the cut will be sufficiently mended to permit some desperate work with the gloves. Homer Smith, a heavyweight from Kalamazoo, Mich., was added to Miske's sparring mates. Smith is scheduled to box Tony Melchior of Chicago on the Labor Day card.

Dempsey is nearing the weight at which he expects to enter the ring. He figures on scaling about 187 at ring time next Monday afternoon. This was his weight when he won the heavyweight championship from Willard at Toledo fourteen months ago.

"You Save Money"

says the Good Judge

And get more genuine chewing satisfaction, when you use this class of tobacco.

This is because the full, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often.

And a small chew gives more real satisfaction than a big chew of the ordinary kind ever did.

Any man who uses the Real Tobacco Chew will tell you that.

Put up in two styles.

OLD PAL PETE:
This is a P. S. to the letter I wrote you on the buzzing Limited. Kid, for a fact, I'm hitting 13 on making up Camel advertisements. And I'll say it right here! Porter, give us the lights!

Just skimmed another swell Camel fact! Stop this: Guess I've smoked a million Camels! Pete, they never tired my taste yet!!!! And, old socks, put Camels to the test! Then you'll wise up that Camels leave no unpleasant cigarettey after-taste nor unpleasant cigarettey odor!

That's some smoke news, I'll say, when you been trying to fuss the "straight" brands! And, old shoe, you ought to know, they gave you a lacing!

What makes a dent on my disposition is that while Camels are the mildest cigarette and the mellowest cigarette any man can buy they've got all the "body" you ever heard tell of!

Why Pete, I got as many new selling ideas about Camels as there are hairs on a purr-kitty's tail!

Drop your old lamps down here,—how's that for blazing the joy Camels pass out!

Me for more of 'em
